NEW ENGLAND SANITARIUM AND HOSPITAL

WHY go to California, Colorado or Florida? All the climatic advantages of those States, together with skilled medical attention, are provided in an institution within thirty minutes' ride of Boston's business center. The New England Sanitarium and Hospital, beautifully situated, overlooking "Spot Pond" from its eastern slope, in the Fells Reservation, is a thoroughly scientific institution, provided with the most modern equipment known to medical science. We have an exceptionally well-equipped surgical department, embracing a modern operating room with an X-ray department in connection. In addition to this we have a fully equipped department for the care of maternity cases, as well as departments giving physiotherapy and hydrotherapy treatments. Spacious sun-parlors and elegantly furnished rooms add to the facilities for the after-care of surgical patients also, and for convalescent patients in general. Beautiful motor roads, spacious buildings and recreation grounds.

Directory Service

Directory service is an integral part of our every-day life. There is nothing in any community that offers the vast amount of free public service, such as a directory gives and is giving every day in the year.

It is a great service to print every one's name—your business or occupation, your home and business address—free, without any trouble or expense to you at all.

It is a great public service to furnish this information to a community. In addition to this the directory is a great exposition of the people and their institutions. It contains everything of importance in the community. Every question they may ask is promptly and correctly answered by this ready reference publication, and all this information is constantly available to the public.

This is a service of inestimable value. The directory is a booster—a great economizer of time and effort—a public benefactor and historian.

You can find all the people all the time in your local directory.

Directory Service

Directory service is an integral part of our every-day life. There is nothing in any community that offers the vast amount of free public service, such as a directory gives and is giving every day in the year.

It is a great service to print every one's name—your business or occupation, your home and business address—free, without any trouble or expense to you at all.

It is a great public service to furnish this information to a community. In addition to this the directory is a great exposition of the people and their institutions. It contains everything of importance in the community. Every question they may ask is promptly and correctly answered by this ready reference publication, and all this information is constantly available to the public.

This is a service of inestimable value. The directory is a booster—a great economizer of time and effort—a public benefactor and historian.

You can find all the people all the time in your local directory.

USE YOUR DIRECTORY.

The House Guide and Street Directory gives the location of each avenue, street, court, crescent, place, road, square, terrace, and boulevard, and shows what streets, etc., run from or across it, with the number at which they intersect. The heads of each family are given in numerical order; the even numbers on the left and the odd numbers on the right.

The abbreviation "M. H." after the name of the street indicates Melrose Highlands Post Office.

Directory Service

Directory service is an integral part of our every-day life. There is nothing in any community that offers the vast amount of free public service, such as a directory gives and is giving every day in the year.

It is a great service to print every one's name—your business or occupation, your home and business address —free, without any trouble or expense to you at all.

It is a great public service to furnish this information to a community. In addition to this the directory is a great exposition of the people and their institutions. It contains everything of importance in the community. Every question they may ask is promptly and correctly answered by this ready reference publication, and all this information is constantly available to the public.

This is a service of inestimable value. The directory is a booster—a great economizer of time and effort—a public benefactor and historian.

You can find all the people all the time in your local directory.
